Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 10 minutes to prepare
- 1 hour to collaborate
- 2-8 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

○ 10 minutes

TEAM ID : PNT2022TMID16088

Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Open article

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM
How might we [your problem statement]?

Key rules of brainstorming
To run a smooth and productive session

Stay in topic.   Encourage wild ideas.
Defer judgment.   Listen to others.

Go for volume.   If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

○ 10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Iot platform to manage the waste management solution networks

GPS enabled to track the location

Using ultrasonic sensor and placing it at the top

Solar panels that can power the trash function

Using IR sensor and placing it at the top

Data analytics to understand the usage

A powerful network that manages the network and trash bins to transmit the data

Weight sensor integrated with arduino

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

○ 20 minutes

TIP
Add customisable tags to sticky notes to make it easier to find, browse, organize, and categorise important ideas as themes within your mural.

Reduction in collection costs

Iot solution uses the data& selects routes

Iot helps to identify the empty trash bins

Waste collection trucks,leads to pickup

Transparency on waste situation increase efficiency over time
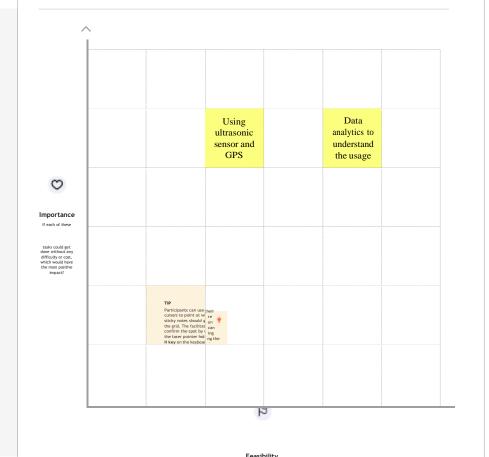

Data analytics canhelp assess trends to better plan

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

○ 20 minutes

Using ultrasonic sensor and GPS

Data analytics to understand the usage

Importance
If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

TIP
Participants can use their cursors to point at sticky notes should a the grid. The facilitat confirm the spot by the laser pointer hol H key on the keyboar

Feasibility

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.
